MORE DETAILS

THEME: Members are invited to enter their work within the following theme featuring local Florida lagoon species and land species. Other works can include people of various ages interacting with the environment in healthy and conscientious ways. This can include statement pieces regarding plastics effects on our coastal water and sea life, invasive species such as the Lion Fish, and beach cleanup. Plein Air works are encouraged. Abstracts are welcomed. Mixed medium could include plastic. Small watercolors of starfish, seahorses, etc., in small easel-backed frames can have glass due to their small size. They can sit on our shelves or pedestals.

STYLES / MEDIUMS ACCEPTED: All styles and all mediums on canvas and panels, clay sculpture, other sculpture, and photography are accepted. Suitable framing, wired to hang properly, easel-backed small frames, glass is accepted on pastel work. Please use Plexiglas and vinyl covering for other works on sizes larger than 11x14, such as watercolor and some collage if needed.

Giclee and framed prints are acceptable for this show. We do not accept copies of other artist's works. This must be your art creation or interpretation. Class work welcome!

Small, simple artwork pieces sell well for this show. Cards or unframed prints of your artwork can be sold on the day of the event. Prints must be in a print rack to be shown. Prints in racks and cards of artwork must be taken home at the end of the day on April 13th as we have no place to show them for sale in our studio.

SALES: A portion of the Art sales on April 13th will be donated to the Marine Discovery Center for their annual fundraiser. Suggested donations of 15% or more are welcomed. Sales after April 13th- donation goes to Artists Workshop.
