High School Art Show Awards

Gail Waters

The Artists' Workshop sponsored its 21st Annual New Smyrna Beach High School Visual Arts Exhibit Awards at the Artists' Workshop Gallery on Canal St., on April 24. (This exhibit was canceled the past 2 years due to the pandemic, so it was great to get the students, parents, and teachers back together again to celebrate youth art in our schools.) The exhibit showcases 98 original works of art by students in grades 9-12, in various media including: Clay, Drawing, and Photography. This year, the student art is on display at our Canal St. Gallery, April 24 - 30, from 1-5 p.m.

Artists' Workshop president Cheryl Faber presented the awards to the students. Many thanks to the Artist Workshop teachers who served as judges for this exhibit: Susie Means (Clay); Betty Parker (Drawing); and Lisa Engelbrecht (Photography). We were able to present twelve NSB High School students with cash awards (\$975 total) for their artistic achievements in the 3 categories.

Dear Members,

I know there has been some confusion regarding the change in parking that will take place May 1, so I would like to update you on why the decision was made and how it fits in to our long range plans. We have been working for the last year with Marine Discovery Center to develop a plan for the site that could benefit both of our organizations. Artists' Workshop would like more space as would MDC. When we both were invited to move on to the site 10 years ago, it was being managed by the state Fish and Wildlife Commission. Several years ago, FWC turned the management of the site over to MDC, putting them in the position of being our landlords, which makes sense as they have an environmental/conservation focused mission. We have a great relationship with MDC and they are pleased that we are on site, but both of us agree that we want to continue doing what we each do best.....which for us is providing classes, workshops and art opportunities for the community.....

in other words, art education. We also both agree that we can be of benefit to each other by sharing in some projects together, such as our Plein Air Paint Out and the Ecco-Art Camp which will run this summer. In the meantime, we have been developing a plan to make existing green spaces truly conservation areas and using the spaces that have already been developed as parking areas for both of our groups. We will do everything we can to make the transition as easy as possible for everyone and since summer is almost here, it will give us some time to see how the flow of parking goes before our very busy winter months. Many things are being considered for development in the long range planning that we will be a part of and benefit from.... All very very exciting! I will do my best to keep you updated as to any progress being made, and I hope you will be as excited by what is going to be happening as your Board and I am!

Hope to see you all at our Members Meeting on Sunday, May 15. It will be a chance to visit with friends before summer, catch up in what is happening at the studio and what is being planned for the fall. Watch your inboxes for an email with more information as we get closer to the meeting. If you can't make it, I am wishing you a wonderful summer!

Cheryl Faber

Along with these fun exercises, she will also teach you how to apply fundamental lessons on values and colors needed to make a strong painting. (oils and/or acrylics)

Studio Gallery

Joanne Reilly

The Studio Gallery walls have been filled with amazing works of art since late fall with the **Teacher/Student** artwork, the **Plein Air** event, and the **Big Bold Abstracts**. The final show for the year was our **Annual Members' Show** featuring extraordinary artwork in all genres and mediums including 2D and 3D work.

With only a month left of the season the teacher/student group may opt to hang some pieces.

I'd like to close with some local options for inspiration and entertainment. The **MOAS of Daytona** has several shows on exhibit, one with a number of our members' art in the form of umbrellas:

- The Color of Rain: From the Florida Women's Art Association
 - Root Hall
 - Open: March 26, 2022 through May 22, 2022
-
- Karshan Center of Graphic Art
 - Open: January 29, 2022 through May 8, 2022
 - The work of multidisciplinary Miami based artist, Alette Simmons-Jiménez, is rooted in a tradition that values vision as well as craft. Her work celebrates the physicality of the handmade while incorporating tangible spiritual components from our natural surroundings.

In Memoriam

James W. Houpt Jr. (1935-2022)

The Artists' Workshop mourns the loss of long time member Jim Houpt. Our deepest sympathies go out to all his family and friends.

James William Houpt, Jr., 86, of Port Orange FL passed away March 20, 2022. Born in Mercersburg, PA, James graduated from Greencastle High School in 1953. Following graduation, James attended and graduated from Zion Bible Institute in 1958, joining the International Church of the Foursquare Gospel upon graduation. James married Erla Jean Linamen 1958 and began a ministry of evangelism 4 days later.

He served as pastor of various Foursquare Churches throughout Ohio, Pennsylvania, and Illinois.

James is survived by five sisters, a brother, a son and daughter, 5 grandchildren and 4 great-grandchildren. Services were held in Mercersburg, PA on March 28.

NEW PARKING CONFIGURATION AT THE WORKSHOP

Beginning May 1st, Artists' Workshop and Marine Discovery Center require all students, teachers, employees and visitors use the east, and northeast paved parking lots for parking. The sand parking lot will no longer be available and will be turned in to a conservation area. We have had birds nesting and turtles crossing that area and need to ensure their safety. We know at first it may be an inconvenience, but this change fits in with our long range shared vision and plan of expanding the site for both of us, while staying focused on our mission statements, as well as that of the Fish and Wildlife Commission.

We will have signs posted and our current parking area will be blocked off. Fortunately, there are sidewalks available to the north and south of the building, and if you have a cart, our studios should not be too difficult to access. If anyone has any questions or concerns, please feel free to call the office. We are working on making this transition as easy as possible....it will take all of us viewing this change with a positive attitude to make it work!

Thanking you in advance,
Cheryl Faber
President, Artists' Workshop
