The Artists' Workshop will be co-hosting this year's New Smyrna Beach Plein Air Paint Out with the Marine Discovery Center, October 18-22. This is AWI and MDC's biggest fundraiser for the year so be sure to join us! (We've posted the complete schedule of events at right, so come out and support the artists.) Twenty artists will be returning to New Smyrna Beach to once again paint our lovely locations, provide free demonstrations, and mingle with the community. A big Thank You also goes out to all our sponsors!!

It's not too late to become a Paint Out Patron which gets you credit towards art purchases and admission into some fun private events! (See Patron flyer on page 6.) To become a Patron or to find out more information about the Paint Out, see the website at NSBPaintOut.com.

Many thanks to those who have already volunteered to help out during the Paint Out. We could still use some volunteers so please contact Melissa Schwenn, melissaschwenn@gmail.com, if you want to volunteer.

Dear Members,

Welcome back! Summer has flown by and here we are again getting ready to start another busy year of classes, workshops and shows, and, of course, our annual Plein Air Paint Out. I hope everyone has had a chance to have some "down time" this summer. Summer at the studio has been very busy. Between continuing classes, the "Art Is Creation" kids camp in June and our inaugural 10 week Eco Art camp that we partnered with MDC on....the studios have been teeming with energy, excitement, creativity.....and success!

If you have been in the neighborhood this summer, I am sure that you have noticed all of the building that has been going on. The Utilities Commission has been putting in new sewer lines, work will begin soon on the replacement of the "Barracuda Bridge", and MDC will be starting work on property improvements that are part of an ECHO grant. All that being said, I guess I am asking that you be patient and flexible through these "minor" inconveniences.....the results will be well worth it. Don't stay away....we are open and continuing with activities as usual!

I know this newsletter is chock full of information and schedules for you to look over and I am hoping that you find something that piques your interest! Don't forget that the Plein Air Paint Out will be October 18-22....we are still welcoming sponsorships and also patron participation. If you were able to be involved the last couple of years, you know what a fun and rewarding week of activities it is. Volunteer positions are filling up quickly, so if you are interested in being a volunteer, please contact Melissa Schwenn at melissaschwenn@gmail.com.....don't wait too long or you might be disappointed!

I am looking forward to seeing as many members as possible at our October 9 members meeting, which will be a great opportunity to "chitchat" with the teachers, sign up for classes and get all of your questions answered! See you then!

Cheryl

SEPTEMBER in the **Studio Gallery** (Barracuda Blvd.) begins with the teachers showing their work for class preview and inspiration. As a student builds their skills, they're invited to show their work along with their teachers and fellow students. There is no cost to you to enter work in this show.

OCTOBER is the annual Plein Air event filling the studio with wonderful works of art for this fundraiser along with the Marine Discovery Center.

Enjoy the beauty and inspiration enhancing our studio walls!

NOTE:

Construction at the Artists' Workshop Studios

Due to construction, beginning August 15th and until possibly December, the Artists' Workshop and Marine Discovery Center will be closing the South entrance and walkway into the building.

All students, teachers, employees and visitors will now have to use the North entrance and walkway to access our facilities. We don't anticipate any changes to current available parking and the AWI main entrance into Studio B will remain the same.

We will have directional signage posted and you can call our office if you have any questions or concerns. We're excited for the improvements to come and appreciate everyone's understanding during this transition.

Thanking you in advance,

In Memoriam

Shirley Dean Pittman (1943- 2022)

The Artists' Workshop mourns the loss of Shirley Pittman, a longtime AWI member and most recently our Treasurer. Our deepest sympathies go out to all her family and friends.

Shirley Dean Pittman, 79, passed away peacefully at home on Monday July 25. She was preceded in death by her loving husband Alvin, who passed away Sept 8, 2021 after 46 wonderful years. Born in Olustee, OK, she was a beautician in her early career while putting herself through school to be an accountant. After she met her husband, she was an accountant at several places in Alaska and Ohio before finally settling in Florida and finishing with a 20 plus year career with the city of New Smyrna Beach. She also became a computer programmer and IT supervisor during her time with the city.

Shirley was also a talented artist. She loved taking classes at the Artists' Workshop and going to various galleries with her artist friends. Many of these friends were her closest in life. Shirley loved to travel and visit as many new places as possible. She loved telling stories of buying crab right off the boat in Alaska. She also cared deeply for her family. Everyone was always welcome and made to feel like they were one of her own. She loved having generations of kids gather at her home.

Shirley is survived by her 2 sons, 6 grandchildren, and 6 siblings. Memorial donations can be made to Hospice Home Care. (courtesy Baldwin Brothers Funerals & Cremations)

DISCOVER NATURE THROUGH ART

The NSB Plein Air Paint Out is a fundraiser that helps support two local 501(c)(3) non-profits, the Marine Discovery Center and the Artists' Workshop NSB. For centuries images of nature have been captured through the eyes of artists. When the beauty of nature is reflected through art, it creates awareness of our natural surroundings and can highlight the importance of protecting them... making these two non-profits the perfect pairing for a Plein Air event.

The Marine Discovery Center was founded in 1997 with the mission to "Protect and restore Florida's coastal and Indian River Lagoon ecosystems through education, research and community stewardship." "We believe strongly in using hands-on, feet-wet programming to connect people to the diversity and astonishing beauty of our coastal waters. Over 30,000 community members and visitors participate in education and restoration projects that protect the Indian River Lagoon.

The Artists' Workshop of New Smyrna Beach strives to enrich our community by offering a supportive, vibrant environment in which beginning, as well as experienced, artists have the opportunity to learn, create, exhibit and share their talents. Incorporated in 1958 as New Smyrna Beach's first non-profit art organization, we have grown to approximately 500 members. We offer a wide variety of classes and workshops, opportunities for open studio, community outreach programs and exhibition of members' art. Our galleries are located at 115 Canal Street and also in our studios which are adjacent to the Marine Discovery Center.
